

## Protégé Application

The opportunity to be mentored is a unique and rewarding one — both personally and professionally. You will develop skills, gain insights, and build relationships and networks that will last well past this year. Your application will be carefully matched with a mentor who can offer you growth and development. Once matched with a mentor you'll set meeting times and places as well as objectives for your year together.

***\*All protégés are required to serve on a CPAFE committee (either previously OR during your mentoring year)***
